ABOUT ME

A recent graduate from Generation Bootcamp specializing in Junior Software Development, I bring over 7 years of experience in the game industry, including game development, esports, and game business models. I possess strong soft skills such as a growth mindset, resilience, problem-solving, persistence, and the ability to handle heavy pressure. My technical skills include computer skills, technology, JavaScript, CSS, HTML, React, and framework knowledge, making me a proficient full stack developer.

I am seeking a position as a Software Developer where I can contribute to a team that values customer focus, achievement motivation, and teamwork.
